Vehicles parked in overflow areas during snow operations may be plowed in and the community will not be responsible for damage from accumulated snow or snow removal efforts around the vehicle.
- 8.5.2 During periods that a resident may be away with friends or relatives, residents may not use overflow parking as a parking area for them, nor can they park one of their cars in the overflow area to afford their guest use of their garage space. ***This practice violates the intent of the parking rules and may necessitate a fine or towing of the vehicle at the owner's expense..***
- 8.6. Motor vehicles may be parked only in authorized parking areas. No motor vehicles may be parked in such a manner as to interfere with the movement of traffic through the Montgomery Walk Community. Additionally, no motor vehicle shall be parked in such a manner as to block or impede the use of fire hydrants, entrances to any building(s), posted fire lanes, or any areas marked with yellow stripes or in front of garages in any of the courtyards.

- 8.7. Parking in violation of these Community Rules of Montgomery Walk is deemed to create a hazardous condition that would endanger the health and safety of the Montgomery Walk Community. Any vehicle parked in violation of these Community Rules of Montgomery Walk may be towed without warning at the owner's expense and the owner may be assessed a fine by the Association.
- 8.8. No unregistered or inoperable vehicles may be moved onto or kept on the property. Any vehicle considered inoperable or abandoned will have a towing notice affixed to the windshield or other prominent place on the vehicle declaring it abandoned, warning of its impending removal by a commercial towing service and setting forth the date of the posting and the date of the removal. If the vehicle is not removed within seventy-two (72) hours after being posted, then the vehicle will be removed by a commercial towing service at the owner's expense and all further communications regarding the vehicle will be with the commercial towing service.
